Simple patient journey

1

Patient books or asks AI receptionist

Captures appointment and procedure estimate requests.

2

Practice confirms manually

The team reviews availability and next steps.

3

Payment link or gateway flow

Patient pays a deposit or approved invoice online.

Important scope notes

This package supports appointment enquiries, estimate requests, AI receptionist intake and payment flows. It does not include medical records, medical aid claims, online diagnosis, prescriptions, advanced CRM features, SMS/WhatsApp automation, paid third-party subscriptions, domain registration, SSL costs or payment gateway transaction fees unless quoted separately.

Shareable flyer and demo offer
